Diplomatische Akademie Wien - Vienna School of International Studies

MESSAGE FROM THE DIRECTORATE OF THE DA

The Diplomatische Akademie Wien – Vienna School of International Studies is the oldest existing institution of its kind. Its very foundation as the Oriental Academy in 1754 was a reaction to the perceived need of diplomacy and dialogue.

Today, the DA is one of the leading postgraduate educational institutions for International Studies worldwide. The core activity of the DA is to prepare its approximately 200 students from more than 50 countries and all continents to navigate the geopolitical landscape and train them for international careers. In addition, the DA offers a broad range of Executive Training Programmes and public events.

To tackle global political, technological, economic and environmental challenges that are vital issues for our planet, decision-makers require a broad knowledge and profound understanding of the many dimensions of geopolitics.

Alongside their interdisciplinary academic qualifications, our students acquire valuable management skills, undergo extensive language training and regularly participate in high-level conferences, international excursions and other extra-curricular activities. We also support the Diplomatic Academy Students Initiative (DASI), an essential component of our active student community within the DA.

Students live and study on our campus in an exhilarating, close-knit community of people from all corners of the earth. And Vienna is quite simply one of the best locations in the world from which to experience and understand what our globalised world requires in terms of both tradition and innovation. The large number of international organisations, the dynamism at the heart of Central Europe and its historical function as a diplomatic forum all combine to make Vienna a fascinating laboratory for the challenges of a global career.

We look forward to welcoming you at the DA!

Sincerely yours,
Emil Brix & Martina Schubert
Director & Deputy Director

A unique educational experience combining a modern, international, diverse and dynamic community with the traditions, experience and knowledge of the oldest professional school in the world.

The DA's study programmes aim to equip students with the know-how and tools necessary to better understand, assess and actively define international global developments. The academic curriculum in the four study disciplines – political science and international relations, international economics, international and European law, and contemporary history – is the cornerstone of all programmes at the DA.

The DA is an affiliate member of APSIA (Association of Professional Schools of International Affairs) and a member of UNAI (United Nations Academic Impact). In addition, the European Commission has awarded the DA with the Erasmus Charter for Higher Education (ECHE) for the 2021–2027 period of the Erasmus+ Programme.

The DA is an autonomous institution of higher education established under Austrian public law. The statutory organs of the Vienna School of International Studies comprise the Board of Trustees, the Academic Board and the Director.

MAIN FEATURES OF THE DA

- Highest academic standards
- Pluridisciplinary study programmes
- Linking theory and practice
- Intercultural environment with an international and diverse student body and faculty
- Individual study programmes taking into consideration both previous experience and future career plans
- Strong language training programmes

Benefit from a broad range of programmes for students and alumni to acquire the necessary know-how and skills for a successful international career.

'The da.link career services have been a true highlight of my studies at the DA. Individual counselling has helped me upgrade my CV, and the career talks have been a great opportunity to build my personal network and to define my professional goals. All this culminated during the da.link career day where I received my first internship offer.'

Anja Vujakovic
ETIA 2018-20

da.link career counselling

Analysing personal interests and job prospects, discussing application strategies and documents (CV checks)

Individual Sessions

da.link career day

Networking with potential employers and finding out about key assets and expectations

Professional Speed Dating

da.link career skills

Equipping students with a broad variety of skills necessary for today's job market

Seminars and Workshops

da.link career talks/lunches

Inviting alumni and HR professionals who share their experiences and insights into different fields

Wednesday Sessions

daconnect

Connecting students and alumni through an interactive online platform including a job board, mentoring and more

Networking and Career Platform

<https://da-vienna.ac.at/Career-Services>

Participate in various study trips for a unique educational experience.

The DA's study trips provide deep insights into the politics, economy, history and culture of important cities and regions.

From Brussels to the capitals of the Western Balkan Region.

'Our visit to Brussels was a fantastic opportunity to observe the inner workings of a significant political city. Our excursions to the three main EU institutions and NATO headquarters as well as the Austrian Permanent Representation were insightful experiences for our diverse student body. Between our daytime agenda, the DA alumni networking event and our free time in the evenings, we gained an inside perspective on working and residing in this international hub. Overall, it was a great bonding and learning experience!'

Jonna Gazzola
MAIS 2018-20

EVENTS

Organising Events Around the World

Alumni all over the world (as of 2023)

More than 2,700 alumni from over 130 countries spanning all continents call the DA their alma mater.

Graduates of the DA can be found in the public administration of their countries, EU institutions, international organisations, the private sector and serving as diplomats.

'I was deeply impressed with the frame for intellectual discourse and the multicultural setting the DA provided. It enables you to grow and you have the great chance to leave this institution as a more global and interconnected citizen. Setting that aside, the times at the Topsy Weasel and all the trips organised by the DA were simply unforgettable. As club.da President, I wish to ensure that all DA alumni keep in touch with their academic roots and expand their network.'

David Lansky
MAIS 2014-16

<https://da-vienna.ac.at/languages>

Every year in August, the DA offers an intensive German language programme of three to four weeks for learners of all levels. The programme is suited for (future DA) students, diplomats and professionals from a broad variety of international fields.

By means of creative language learning, research projects and leisure activities, participants discover Austria in all facets as well as apply the new language skills acquired during classes.

'My summer at the DA has been an exceptional experience, meeting one of the most incredible and diverse groups of people who taught me so much about themselves and their cultures.'

PUBLIC EVENTS

Distinguished representatives from the worlds of politics, diplomacy, academia, business and culture regularly gather at the DA to analyse and discuss current developments and trends with our students, alumni and the interested public.

More than 200 public events take place at the DA each year, providing students with the unique opportunity to get in touch with professionals from a broad range of fields. These events include formats such as public lectures, talks, panel discussions and the annual DASICON, a conference organised solely by the DA's students.

Many of the DA's events are broadcast live and can be found on our pages on  Facebook and  YouTube.
